## State of Israel

No.	Question	Answer
1	How many bus lines are in Tel-Aviv Metropolitan area?	This is a nationwide project, so the nationwide answer is 2957
2	How many passengers are moved during the day	2 Million passenger trips per day. again - nationwide.
3	What is the total length in Kilometers of the bus lines?	Our measure unit is <u>Km per vehicle trip</u> . And that is 581 Million per year, nationwide
4	What is the number of available buses?	Approx. 9700
5	Same questions as above for the Jerusalem Metropolitan area (including LRT)	All of the above data is nationwide. to that you may add Jerusalem single LRT line which has 150,000 passengers per day.
6	can we get an extension of two weeks to submit the answers ?	Unfortunately not. We believe July 8 to be suitable.
