## "Nimbus Project"

Re: Central Tender 01-2022 for the Addition of Services to the Government Digital Marketplace - Publication 3 (hereinafter: the "Tender") – Update to the Bid Booklet in the English Version

Greetings,

1. A technical error has been corrected in the English version of Booklet no. 2 – The Bid Booklet.
2. Section no. 2.12.11.4 has been added to appendix 4.1 of the Bid Booklet in the English version (this section has been included in the Hebrew version, but was omitted from the English version). Accordingly, an updated version of the Bid Booklet in the English version has been published on the Tender page and is marked as version 2.2.
3. No change has been made to the Hebrew version of the Tender documents.
4. **It is to be clarified that the Hebrew version of the Tender documents is the formal version, and will take precedent over any other document.**
5. No change has been made to the bids submission process. Please follow the instructions detailed in the accompanying document that was published on the Tender page on December 20, 2023.
6. All clarifications and changes are an integral part of the requirements and conditions published in the Tender documents.

Respectfully,

Hilla Gigi  
Nimbus Team Leader
