

State of Israel

Request for Information

Pursuant to the provisions of Article 14A of the Mandatory Tenders Regulations, 5753-1993, the Government of Israel - via a designated Inter-Ministerial Tender Committee - hereby publicly invites local and foreign entities to participate in this Request for Information process (“**RFI Process**”). The RFI Process is aimed at providing the Tender Committee with specific information for the preparation an international public tender for the Design, Construction, Financing, Commissioning, Operation and Maintenance of a Facility for Biological Treatment and Removal of Groundwater Contaminants such as Perchlorate, RDX, HMX and Chromates from the vicinity of the Israel Military Industry Site at Ramat Ha'sharon.

Detailed information relating to: (a) the RFI Process' administration, objectives and terms; (b) RFI Schedule; and(c) the specific information and data the Tender Committee wishes to be submitted with - all are provided in detail in the RFI Documents which may be reviewed and downloaded free of charge via:

Website - <http://www.water.gov.il/Hebrew/Tenders/Pages/RFI-Ramat-Hasharon-Groundwater-Contamination.aspx> or
<https://www.mr.gov.il/officestenders/Pages/officetender.aspx?PID=593402> .
