Draco

**Authorised Avid Resellers in Israel**

I can confirm that Draco Ltd is the only authorised reseller of Avid Professional Video Products and Solutions in Israel.

Avid has a number of strict guidelines and criteria that an authorised reseller must meet to be able to represent Avid in each territory, this includes having trained and certified support personnel, dedicated sales staff and demonstration stock. This enables customers to receive the highest possible level of service from its partners.

Draco Ltd is an Authorised Elite Partner of Avid – the highest partner standard available.

Yours sincerely
