

State of Israel
Ministry of National Infrastructure,
Energy and Water Resources

The Ministry of National Infrastructure, Energy and Water Resources of Israel has published an invitation to submit standpoints, informations, and expression of interest regarding the possibility of building and operating a GTL (natural gas to liquid fuels) facility in Israel.

This invitation is published online in the English language at the Ministry website:

http://energy.gov.il/English/PublicInfo/Tenders/Pages/GxmsMniTender24_14.aspx

The deadline for submission of proposals
is **July 30, 2014.**
