To whom it may concern

I confirm that TEVA Medical (Marketing) Ltd. 1, Hate'ena Street, PO Box 975, Shoham 6085001 is the sole and exclusive distributor for SLE Ltd. in The State of Israel.

The SLE products for which TEVA is responsible includes SLE life support ventilators, consumables, spare parts, modules, software and interfaces. As our distributor, TEVA is responsible for maintaining an audited quality system that ensures traceability of our products in the interests of patient safety. If a field safety corrective action or recall became necessary at any time in the future, TEVA would take responsibility for locating all the affected items in the field and implementing any corrective actions. For this reason SLE does not supply these products in Israel through any other distributor. Any SLE products or spare parts for those products or SLE consumables and accessories entering Israel though any other company through an indirect route that we are not aware of would not be compliant with those traceability requirements.

For and on behalf of SLE Ltd.
