

1. The red line in each option, indicates the Entity which performed the relevant requirement(s) in the referenced project, in accordance with the relevant Pre-Qualification Requirements.
2. If the Entity which performed the relevant requirement(s) in the referenced project is an SPV –
 - (a) the Experience Provider **directly** holds 24% or more of all Means of Control in the SPV (i.e. there are no Entities in between); or
 - (b) the Experience Provider **directly** holds 100% of all Means of Control in an intermediate Entity (the Entity **directly** holding the SPV). The intermediate Entity **directly** holds 50% or more of all Means of Control in the SPV.
3. Experience Provider Effectively holds 50% or more of all Means of Control in the Entity which performed the relevant requirement(s) in the referenced project (the granddaughter company).
4. If the Entity which performed the relevant requirements in the referenced project is **not** an SPV, the Experience Provider Effectively holds 100% of all Means of Control in Entity₁ (directly or through one or more Entities in between). Entity₁ **directly** holds 75% or more of all Means of Control in the Entity which performed the relevant requirement(s) in the referenced project.
5. Please note that the number of Entities is not limited, provided that the above-mentioned structure applies (see footnote no. 4).

- 1. The red line in each option, indicates the Entity which performed the relevant requirement(s) in the referenced project, in accordance with the relevant Pre-Qualification Requirements.
- 2. If the Entity which performed the relevant requirement(s) in the referenced project is an SPV –
 - (a) the Experience Provider **directly** holds 24% or more of all Means of Control in the SPV (i.e. there are no Entities in between; or
 - (b) the Experience Provider **directly** holds 100% of all Means of Control in an intermediate Entity (the Entity **directly** holding the SPV). The intermediate Entity **directly** holds 50% or more of all Means of Control in the SPV.
- 3. If the Entity which performed the relevant requirements in the referenced project is **not** an SPV, the Experience Provider Effectively holds 100% of all Means of Control in Entity₁ (directly or through one or more Entities in between). Entity₁ **directly** holds 75% or more of all Means of Control in the Entity which performed the relevant requirement(s) in the referenced project.
- 4. Please note that the number of Entities is not limited, provided that the above-mentioned structure applies (see footnote no. 3).

1. The red line in each option, indicates the Entity which performed the relevant requirement(s) in the referenced project, in accordance with the relevant Pre-Qualification Requirements.
2. If the Entity which performed the relevant requirement(s) in the referenced project is an SPV –
 - (a) the Experience Provider **directly** holds 24% or more of all Means of Control in the SPV (i.e. there are no Entities in between); or
 - (b) the Experience Provider **Effectively and indirectly** holds 24% of all Means of Control in the SPV (through one or more intermediate Entities in between).

for avoidance of doubt, the Experience Provider’s holdings in the SPV refer to the date the referenced project obtained External Financing.
3. If the Entity which performed the relevant requirements in the referenced project is **not** an SPV, the Experience Provider Effectively holds 100% of all Means of Control in Entity₁ (directly or through one or more Entities in between). Entity₁ **directly** holds 75% or more of all Means of Control in the Entity which performed the relevant requirement(s) in the referenced project.
4. Please note that the number of Entities is not limited, provided that the above-mentioned structure applies (see footnote no. 3).
