Tender No. 130/2010 for the Supply of Security Laminates and Laminators for Biometric Travel Documents - Update No. 2

1. **Amended RFP version**

- 1.1. An amended version of the tender is attached to this update. For the sake of convenience the amended version is attached in two formats – one with "track changes" and one without ("clean" version).
- 1.2. Respondents must submit their proposals to the tender using the amended "clean" version.
- 1.3. The term "the tender" shall mean (from now on) the amended "clean" version.
- 1.4. Please note that several changes (that were not detailed in update No. 1) have been added to the final version of the RFP. Respondents are required to read the final version carefully. Some (but not all) of the changes are in the following sections:
 - 1.4.1 Section 6.2 of the tender and section 9.2 of the contract, Appendix I of the tender – the first batch of laminate foils should contain at least 5,000 units.
 - 1.4.2 Section 28 of the tender.
 - 1.4.3 Section 45 of the tender.
 - 1.4.4 Section 62 of the tender – this section is added to tender documents.

- 1.4.5 The proposal form (Appendix C of the tender) and Technical Specifications (Appendix D of the tender) were changed in order to reflect changes in tender documents or clarify tender's requirements.
- 1.4.6 Section 6.3 of the contract, Appendix I of the tender.
- 1.5. The clarifications to the tender constitute an integral part of the tender documents. The tender and the clarifications are deemed as one document.
 - 1.5.1 In the event of a contradiction between the language of the tender and the language of the clarifications, an effort shall be made to resolve the contradiction.
 - 1.5.2 In circumstances where it is not possible to resolve such difference, the language of the tender shall prevail.
