24.	The Tender Committee is kindly requested to clarify whether the Professional requirements set in the PQ Documents include a mandatory requirement for Registration of Contractors for the execution of Construction Works.	Section 2.8 (Registry of Constructors) to the Invitation.	Please note that the PQ Documents do not include any threshold requirement related to Registration of Contractors for Construction Works. However, and without derogating from the above, as part of the Concession Agreement, the Concessionaire shall be obliged to ensure that any and all entities executing Construction Works shall hold any and all applicable certifications necessary or required under the applicable Law.
25.		Annex 2 (Advisors to the Tender Committee).	<p>The Tender Committee informs that after receiving updated information, it has decided to reconsider its previous decision and approve the request to allow the participation of V.S. Civil Engineering Ltd (V.S) as a consultant to a Participant in relation to the Project. The Tender Committee's decision stems from the fact that the entity holding Control in V.S notified the Tender Committee that its engagement with National Outline Plan 47 administration ended a few months ago.</p> <p>In consideration of the current stage of the statutory process, these circumstances relieve to the Tender Committee's opinion, the concern for any conflict of interest or the potential appearance thereof.</p>
