

Authorized Distributor Certificate

February 4, 2026

Advanced Instruments, LLC d/b/a Nova Biomedical Corporation ("**Nova**"), a Massachusetts corporation with its principal place of business at 200 Prospect Street, Waltham, Massachusetts 02454 U.S.A., is a global leader in scientific and analytical solutions for the BioPharma and Clinical Industries. We specialize in osmolality testing, liquid handling verification and calibration, microbiology solutions, milk testing, preservation, and pasteurization verification.

This authorization letter serves as an official confirmation that:

Soltec Analytics Ltd., a corporation formed under the laws of Israel, with its principal place of business at **Ha'avoda 11, Rosh Ha Yin, 4801761, Israel** is our sole distributor of, and to promote, sell, distribute, install, and service, the products manufactured by Nova and listed below ("**Nova Products**") in Israel. In addition, Nova hereby authorizes **Soltec Analytics Ltd.** to submit a bid for, and to negotiate, and execute any resulting contract for which this Letter of Authorization is issued.

Nova Products:

Food & Dairy Portfolio – 4250, FLM300 instruments, accessories, standards, calibrators and controls.

This Letter of Authorization shall remain in effect until the earlier of (a) 31 December 2026, or (b) Nova's written revocation of this Letter of Authorization. To the extent any other Letter of Authorization that has been previously issued by Nova will be invalid and become obsolete; this Letter of Authorization will supersede any Letter of Authorization issued to you on our behalf. Any renewal or extension of this Letter of Authorization must be in writing and executed by a director or officer of Nova.

Very truly yours,

A handwritten signature in black ink that reads "jacquot".

Antoine Jacquot

Director, Distribution Sales, International Markets
